The Cheerful Philosopher

AND THE WOMEN

The Los Angeles Women's Breakfast Club passed an important milestone last Tuesday, the last meeting of the season. Clouds had been hovering, but they were all brushed aside with the aid of the wonderful trio, Love, Friendship, Common Sense.

A vacant chair was in the place of honor, at the Founder-President's right. An artistically tied white ribbon told its mission. The club's first "Pal," Maurice DeMond, had gone beyond. Later, on it were laid various symbolic flowers and the "Golden Rule," the Oil Can, the Shovel and the Hatchet, buried deep in the flowers of Friendship. A silent prayer was offered with every head bowed.

Then the "Spirit" of the club was made manifest. Mr. and Mrs. John Steven McGroarty had come with about thirty of the finest artists from the Mission Play. If the choice of everything in the land could have been had, nothing else could have even approached these in appropriate gay revelry.

Then the retiring president, Mrs. Haslie Freeman, affectionately known to her friends as "Marion,"—the real founder of the club—made quite the outstanding talk of her career. After paying tribute to Maurice DeMond and introducing all of the officers of the club, who had assembled on the stage, Mrs. Freeman relinquished her office of president to her recently elected successor, the popular, beautiful and dynamic young matron, Mrs. Harriett Sunday. When these two joined hands, after the fashion of the clasped ones that surmount the "Shrine of Friendship," there could have been no slight doubt in the mind of a single hearer, that the words of Co-operation and Friendship spoken, will bear the most golden fruit.

When President "Harriett" Sunday is inducted into office next September, it will be with the personally presented well wishes of our own Governor, "Sunny Jim" Rolph, and, ever beside, to strengthen and encourage her, will be the Founder-President, "Marion" Freeman, whose affection for the child of her brain will ever render her invaluable.

The Los Angeles Women's Breakfast Club will set an incalculably valuable example of the value and true meaning of "Friendship," an example which is certain to soon have many thousands of followers throughout our land—at a deeply needed time.

INDEPENDENCE DAY

Tomorrow will be the Fourth of July, our "Independence Day." It is too warm to smite these days, but doesn't it cause you to feel, almost, like making an exertion to try to pucker up your lips, in a sad effort to arouse a smile, at the mere thought of our "Independence Day," here in the

"Land of the Bee

And the home of the Slave." No other country on earth is so enslaved with "laws." I'm not going to exert myself to name every one, but, as you lie, or sit, panting for breath these days, it might be well to take this favorite indoor sport: "Thinking of what you mustn't do" outside and see if any of them would try to escape of their own volition.

I know of a few thousand that would look mighty well if they were to be caught in the meshes of a well timed forest fire, which had a good start.

But legislators and cranks who can get money from well-meaning souls, must be kept active.

A THOUGHT

Stolen from another on a warm day.

PASS IT ALONG

It was my bluest day. In the midst of it—this came in a box of wild flowers. The same kind of wild flowers I used to pick when I was a little child and didn't have any blue days:

'Tis the human touch in this world counts.

The touch of your hand on mine. That means far more to the fainting heart

Than shelter and bread that's

SIERRA MADRE, COUNTY OF LOS ANGELES, CALIFORNIA

FRIDAY, JULY 3, 1931

CLAIMS OF THIS CITY IGNORED

Supervisors Deny Hearing On The Santa Anita Highway Route

Accept Arcadia's Plan

Ignoring a request by the Mayor and heads of Sierra Madre's civic organizations that the proposed Santa Anita Canyon Highway be routed over Sturtevant Trail and that at least a delegation of citizens from this city be heard with respect to the matter before a decision was reached, the board of County Supervisors have adopted a recommendation by County Road Engineer George W. Jones that the road proceed into Santa Anita Canyon by way of Santa Anita Avenue (Double Drive) in Arcadia, and around a series of hogbacks in the mouth of the canyon.

Notice of the decision was contained in a communication from the chief clerk of the Supervisors to the City Council received here on Monday. It contained a copy of Mr. Jones' recommendation and the brief announcement that it had been adopted, a rather surprising proceeding in view of the fact that a hearing had been requested and that the route recommended not only traverses property within Sierra Madre, but that this city is asked and expected to pass jurisdiction for building the highway to the county. Nothing was said in his letter of the supervisors' about the hearing that was requested.

The Jones report says that he investigated both the Santa Anita and the Sturtevant Trail routes and adds, "The result of this investigation seemed to show that the most feasible route for this improvement would start at the intersection of Santa Anita and Grand View avenues and thence extending Northerly up the Santa Anita Canyon.

"The location of this road beginning at Santa Anita, while having a grade of 10 per cent, is considerably shorter and much straighter than the one proposed to connect with Sturtevant Drive. The Sturtevant Drive connection has also a maximum grade of approximately 10 per cent, but consists of very sharp curves and extends over the 20-foot right-of-way along which walls, garages and houses are built very close to or at the right-of-way lines."

The route to be followed is substantially the one called for when the public was suddenly informed several months ago that the road would be built and that \$135,000 of the taxpayers money had been appropriated for the

Teachers At Health School Will Spend "An Hour In Japan"

The present staff of the summer health school being conducted at the Sierra Madre Grammar school will be transported for one hour to Japan on Friday afternoon, when tea and refreshments will be served in the beautiful Japanese gardens of Miss Thomasella H. Graham at "Italia Mia," North Lima street. The following Japanese girls, in native costumes, will serve: Tomaye Takasugi, Toshi Haramoto, Yoneko Aisawa, Kimiko Shimizu and Hatsune Nomura.

A garden tour of the beautiful gardens of Sierra Madre, under the auspices of the local chapter of the Red Cross and Parent-Teacher Association, with W. R. Humphries and Mrs. E. R. Thompson, chairman of the arrangements, will start at 3 o'clock from the school.

Garden tours will be made at the end of each two-week session in honor of the visiting staff of teachers. Souvenir copies of the Wistaria number of the Sierra Madre News will be given each visitor.

Supervisors Order Foothill Widening

Failing in their efforts to bring about an agreement among objecting Foothill Boulevard property owners, the board of supervisors, on Tuesday disregarded all protests and ordered that the widening and improvement of Foothill Boulevard between Santa Anita Avenue in Arcadia and North Allen Avenue in Pasadena proceed at once, under the Malton Act. The work calls for the expenditure of approximately half a million dollars and for the construction of a boulevard varying in width from 90 to 100 feet, to be completed by the first of January and without interruption to traffic.

A letter from the Library of Congress, Washington, D.C., has been received by the local Red Cross Chapter acknowledging receipt of Zane Grey's book of 640 pages, which has been transcribed in Braille by Mrs. M. D. Welsher of 542 Ramona avenue, for the blind.

New Law Will Not Affect Service At Local Postoffice

The post office will be closed all day Saturday, July Fourth, and there will be no deliveries by carrier except for special.

Mail for Los Angeles and the north put in the box in the Post Office by 8 a.m. will be sent out; also mail for eastern points put in the box by 9:45 a.m. will be dispatched.

The 44-hour week law for government employees which passed the last Congress, became effective July 1st. Postmaster Wright states there will be no curtailment of existing services in Sierra Madre on Saturdays.

As the carriers have had the Saturday half holiday for some time, under the discretionary authority granted the postmasters by the Department, the deliveries are not affected. The clerical work will be so arranged that the clerk remaining on duty Saturday afternoon will have four hours off some afternoon the following week. In this way window service on Saturdays will be maintained as heretofore.

Child Welfare Work Planned By Kiwanis In Summer Season

Waverly Pratt, president of the local Kiwanis club, called a special business meeting following the regular Tuesday luncheon to plan objectives for the club's activities during the next three months. Suggestions by the members were largely along the line of Child Welfare work and Warren Craig was appointed chairman of a committee to select an objective and present it to the club at the next luncheon meeting.

Darrell Ware of the Los Angeles Times was a guest of Frank Spencer and A. E. P. Kinsey was a guest of Gordon R. Brooks. Mr. Ware and Mr. Brooks received a leave of absence from the Los Angeles County Grand Jury to attend the luncheon.

Mrs. Sallie Boaz Is Victim Of Apoplexy

Mrs. Sally M. Boaz of Brookside Lane, Sierra Madre Canyon, a prominent member of the Woman's club and the Episcopal church, died early Tuesday morning at the Sierra Madre Hospital. She was stricken suddenly at her home on Saturday and was found lying unconscious on the floor several hours later.

Mrs. Boaz was born in Ontario, Canada, 59 years ago, coming to California in 1906, and had been a resident of Sierra Madre for the past seven years. She is survived by three sisters, Mrs. Samuel Topliffe and Mrs. Wesley Wright, of Ontario, Canada, and Mrs. C. W. Forbes of Manteca, Calif.

Funeral services in charge of William M. Bond of the Sierra Madre Funeral Chapel, were held at 10:30 a.m. Thursday at the chapel, 304 West Central avenue, with Rev. Arnold H. G. Bode of the Church of the Ascension officiating. Interment was held in San Gabriel Cemetery.

MANY ATTEND FUNERAL OF MRS. LULU E. MURPHY

A host of Long Beach, San Pedro and Los Angeles friends attended the funeral rites of Mrs. Lulu Edith Murphy at 3:30 p.m. Saturday at Bethany Church. Dr. R. A. Jensen of the First Baptist Church of Long Beach officiated. Mrs. Murphy passed away last Thursday after a month's illness. Interment was held at San Gabriel cemetery.

Pasadena Slashes Its City Tax Rate

Pasadena city directors have voted a 5 per cent reduction in the next year's tax rate on top of the 10 per cent reduction in assessable valuations. To relieve a tense situation in the Crown City where the taxpayers have been apprehensive at the prospect of an increased levy, the city trustees have tentatively fixed a 95 cent tax rate. It is the first time that Pasadena tax rate has come below one dollar in many years.

GROVE STREET BLAZE IS QUICKLY SUBDUED

The local volunteer fire department was called to 179 Grove street at 2:30 o'clock Sunday afternoon to extinguish a fire in a vacant house. The firemen found the entire roof ablaze. The blaze was put under control quickly and investigation started as to the cause of the fire which for a time it was thought to have been of incendiary origin. Investigation disclosed that children had been playing in and about the house a short time before the fire was discovered and it is thought they may have been unintentionally responsible for the blaze.

Locals Take Close Game From Rivals

Millionaires Of Arcadia Pass Out When Harkness Hits Homer

There was particular joy for Sierra Madre baseball fans in the defeat Friday night of the Arcadia Millionaires by this city's All-Star team. It was the best ball game by far that has been played here this year. The result was in doubt until Harkness of Sierra Madre closed the incident with a home run in the 9th inning, giving Sierra Madre the game by a score of 4 to 3.

The victory was sweet revenge for the defeat during the previous week of the Sierra Madre All-Stars by the Arcadia All-Stars, as the two Arcadia teams were composed of practically the same players. The game was a see-saw throughout, both teams scoring one run in the first inning. Sierra Madre took the lead by a score of 2 to 1 in the second inning. In the seventh Arcadia scored two runs, leading Sierra Madre by one and in the eighth inning Sierra Madre tied the score, the home run of Harkness relieving the tension and sending the fans home happy in the 9th inning.

Home run, Harkness; Struck out by Pratt, 15; by Streker, 10. Walked by Pratt, 3; Strucker, 3. The Kiwanis team of the City League defeated the Morgan Tennis Club by a score of 14 to 11 in a slugging contest on Tuesday night.

Capturing Monday night's game from the Firemen, 8 to 6, the Bethany team seems to be a contender for the city championship. The Firemen took a lead of 3-0, but in the second the Churchmen tied the score. From then on these young players took and kept the lead. As the score indicates the game was fairly close. Because of the second game that night the conflict was kept down to seven innings.

Two substitutions were made, both by the firemen. Spears went in for Hibbs in the fourth inning, and Heasley for McRoberts in the fifth.

The schedule for the second half of the American Legion League series will be made up at a meeting of representatives of various clubs in Arcadia tonight and there will be no Legion game here on Friday night.

ARMY OF UNEMPLOYED STARTS GOLD RUSH IN NEARBY CANYONS; MANY MINERS MAKING GOOD WAGES

There is another gold rush on in California—in the hills just back of and to the east of Sierra Madre. They are actually panning gold in the bed of the San Gabriel river and other streams of the Sierra Madre mountains.

The "rush" is attracting hundreds of unemployed and while there are no "big strikes" and there is no report of anyone getting rich, many of the gold seekers by working industriously, are making fair wages.

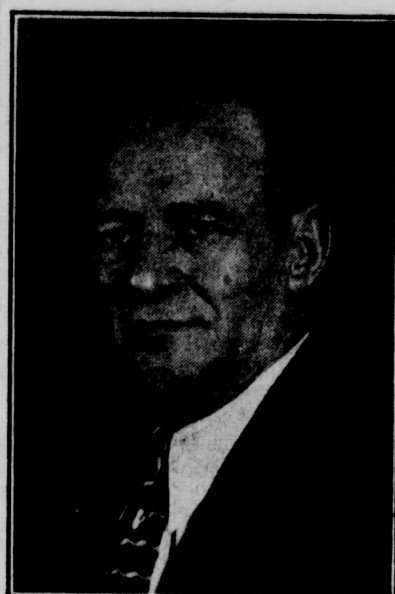

It is no mere "flash in the pan" for the "rush" has been on for several weeks and the number of "miners" has increased daily until all the streams are lined with gold seekers and their camps. Many families, the heads of which are unemployed, have taken tents back with them and are combining the business of seeking gold and taking a vacation.

The Covina "Argus" in describing the situation in San Gabriel Canyon says:

"Men, women and children, on the hottest day of the year last Tuesday, were observed panning the gold from the streams, the children dressed in no more than the popular pajamas, and with their parents stripped both ways to the middle and standing knee-deep in the water laboring at the arduous task of rotating pans of water and sand.

BRITISH DAUGHTERS PICNIC ON GROUNDS OF NEW HOME HERE

Over sixty members of the Lord Kitchener chapter of the Daughters of the British Empire enjoyed a picnic on the lawn of the new home of the organization on Manzanita avenue on Wednesday. The delegation was greeted here and escorted through the building, which is the former home of Ole Hanson Jr., by Mrs. R. J. Morrison, president of the organization. The home has been furnished and redecorated and the matron, Mrs. Walter Blay, installed. Walter Blay, Mrs. Blay's husband, has assumed his duties as caretaker.

Mrs. R. J. Morrison will remain in Sierra Madre a few days to finish superintending the furnishing of the home. During her stay she is the guest of Mr. and Mrs. W. R. Humphries, 214 West Carter avenue.

Quiet Fourth Here; Fireworks Banned

Sierra Madre will observe Independence Day very quietly and without formal exercises as has been customary. The only semi-public celebration within the city limits will be a picnic to be held by the volunteer firemen and their families and friends at the Fennel estate on Scenic Point.

A large part of the population has arranged to spend the holiday and week-end at the beaches and in the mountains and at the celebrations arranged in Arcadia, Covina and nearby cities.

All of the Sierra Madre business houses, Post Office and City Hall will, of course, be closed for the day.

All manner of fireworks except torpedoes and sparklers are prohibited in Sierra Madre because of the extreme fire hazard.

CITY'S NEW LIGHTS ON BOULEVARD ILLUMINATED

New directional signs on Foothill boulevard at Sierra Madre and Baldwin avenues have been installed and were in operation on Monday. One of the old signs was removed on Wednesday and the other will be taken down soon. The location of the new lights is temporary and they will be changed to a more effective position when Foothill boulevard is widened, as has been ordered by the county.

FORMER MAYOR MYERS MADE BUSINESS AGENT FOR MUNICIPALITY

Council Creates Position To Co-ordinate City's Activities, Promote Efficiency And Bring About Economies In Administration

EARL J. LYNDE OUT AS THE ENGINEER

Former Mayor Albert S. Myers was elected Business Manager and Street Superintendent of Sierra Madre at a meeting of the City Council Wednesday night. In this capacity he will assume control of the city employees and activities, subject to the approval of the Council, and entered upon his duties immediately after his appointment.

In every respect the duties to which the former Mayor has been assigned and which he formally accepted, correspond with those of the city manager of cities where this form of government has been adopted. Coordination of the city's activities and closer cooperation with the Council in working out the administrative problems is the reason set forth in a resolution adopted by the Council for creation of the position of business manager and the subsequent appointment of Mr. Myers.

The appointment followed immediately upon acceptance by the Council of the resignation of Earl J. Lynde as city engineer and street superintendent tendered as the result of a conference between Mr. Lynde and the Council last Friday.

In calling the former Mayor to the position the Council credited him with having rendered signal service to his city, with being more intimately acquainted with its problems than any other available individual and with responsibilities for vast improvements and economies in operation of the municipal machinery.

Following acceptance of Mr. Lynde's resignation at Wednesday's meeting Councilman William Lees brought up the subject of the new position and suggested the name of Mr. Myers as the person indicated to fill it. He said:

"I believe I speak for all members of this body when I say that we believe that one of our first duties to the citizens of Sierra Madre is to give efficient, economical management of city affairs. That has been the actuating motive of all of us since we took office.

"I believe that in the past two or three years much has been accomplished along those lines. To mention two or three of the outstanding things done: the water survey gave us a plan which has resulted in a much more economical administration of the water department. It is no longer running behind. It is furnishing proper pressure and sufficient hydrants and water lines, the fire insurance

Val Miller has agreed to pitch for the women if the team is admitted to the city league as a women's club with a male pitcher.

The lineup of the one team agreed upon as announced by Mrs. Louise Roe, manager, follows:
Bernice Roe First Base
Peggy Hawks Second Base
Rose Kiggins Third Base
Garnet Marsh Short Stop
Mrs. Edw. Keegan Pitcher
Mrs. Louise Roe Catcher
Beulah Davis Right Field
Mrs. Morrison Center Field
Hildie Addis Left Field
Mrs. Leila Embree Utility

"Personally I don't think we need to call upon a man to do our twirling and I'm sure I can do the catching as acceptably as any amateur ranks," said Mrs. Roe, "but one or two of the women think we would be more formidable with a male battery. It may be that they just want to be polite to several of the gentlemen who have been courteous enough to tender their services."

City Welcomes Its Latest Newcomers

Newcomers welcomed to Sierra Madre during the past week are Carol Innis and family of Pasadena, who have moved to 92 East Grand View avenue; Mrs. May E. Dwyer of Alhambra, 180 North Mountain Trail avenue; Mrs. Frank Smith, 657 Woodland Drive and Dr. and Mrs. F. J. Dickson of Berkeley, who will reside at Belle Vue Court.

BUREAU GIVES TIPS ON CITRUS IRRIGATION

A circular on the subject of irrigating citrus orchards has just been written by Farm Advisor M. B. Rounds, bringing out some of the most important fundamental considerations in planning for the proper irrigation of a citrus orchard. Suggestions for different methods in the application of water are made with the results obtained through these different methods, according to the varying soil types in which citrus trees are growing. The circular may be obtained by writing to the Farm Advisor's office, 230 Court street, Los Angeles.

Cecil E. Bryan, president of Alhambra's Chamber of Commerce, is showing his faith in the future of that foothill community by the purchase of a 60-acre tract of land in the extreme northern section, west of Marengo street and adjoining the Angeles forest. The purchase was with the idea of subdividing at a later date.

Bite Of The Rattler Is Not Often Fatal

With the outdoor recreation season in full swing, timid souls who have a horror of California's only deadly snake, the rattler, will find comfort in a bulletin just issued by the United States Biological Survey.

This is for the fearful, as it says the rattler's bite has been fatal in only 10 per cent of the cases on record, and practically never fatal when proper measures are taken. It is further pointed out that the rattler snake can strike only three-fourths of its own length.

Learn what to do in case of snake bite, and carry a first aid kit when traveling into the open spaces, is the suggestion of the public health department.

PENNSYLVANIANS WILL HOLD REUNION AT BEACH

The Old Time Pennsylvania Society of Southern California call all from that state to a picnic reunion, all day Saturday, July 11th, in Bixby Park, Long Beach. The Pennsylvania Society will serve as a great reception committee and will open county registers and headquarters and supply souvenir badges and hot coffee.

Mr. and Mrs. Tub Coleman of Long Beach are visiting Mrs. Cora O. Coleman of 633 West Montecito avenue, for a few days.

Social Air To Events At Bethany Hall

Family Dinner Party Is Setting For Talk By Harry Rimmer

Members and friends of Bethany Church and the people of Sierra Madre generally, were given a rare treat on Thursday and Friday evenings when, sponsored by the Men's Bible Class of Bethany Church, Harry Rimmer, President of the Research Science Bureau of Los Angeles was secured as speaker for the two evenings.

On Thursday the event was a 6:30 dinner with a table talk by Harry Rimmer who spoke on "Science and Religion." A delightfully appointed dinner was served by the ladies of the church. Younger men of the congregation served as waiters. Floral table decorations were exquisite and tasty and the dinner, as usual, bounteous. Vocal solos by Roy F. Stevens, choir leader, and quartettes by the Young Men's Quartette of Bethany added to the enjoyment of the occasion.

On Friday evening at 7:30 Mr. Rimmer spoke in the church auditorium on "Salt," a lecture pronounced by many to be one of the best he has yet delivered in Sierra Madre.

It was Mr. Rimmer who first introduced Rev. William Duncan Ogg to the people of Sierra Madre. Rev. Ogg took occasion to express the happy relation that exists between himself and the people of this community.

Marion Vannier Is Confirmed Member Of Church Council

Miss Marion D. Vannier has been nominated by the Advisory Council of the Church of the Ascension to fill the place of Mr. Worthington, who has left the city. The Bishop has confirmed the appointment of Miss Vannier. The Council is about to send a letter to all who are interested in the Church, and would be glad to hear of any members of the Episcopal Church in Sierra Madre who are newcomers, or at present are not known.

Last Sunday Miss Cecil Price of the choir sang a beautiful offertory solo: "The Lord is My Shepherd." Next Sunday the choir will sing a choral Eucharist.

The Women's Guild held a well-attended meeting last Friday and planned to help the Council in the work of the Church.

RESTRICTIONS ARE PLACED UPON HOLIDAY WEEK-END VISITORS TO ANGELES NATIONAL FOREST

Unless weather conditions present unusual forest fire hazards during the two day period covered by the Fourth of July holiday, it will not be necessary to close the Angeles National Forest to visitors, William V. Mendenhall, supervisor, stated today.

At all events, the main traveled roads of the forest will be open to vacationists for the week end, Mr. Mendenhall said. Only such portions of the forest as present extreme fire hazards because of vegetation, isolation, or other causes might be closed if low atmospheric humidity persists.

The Arroyo Seco, the San Gabriel Canyon, and the San Antonio Canyon are among the regions which are expected to offer attractions to visitors seeking to escape the heat wave which has descended over Southern California during the past ten days, and will be kept open by the Forest Service.

Extreme caution will be demanded by all forest visitors.

Canyon Park Notes

By Mrs. James C. Heasley

A PICNIC luncheon was given on Friday afternoon by Mrs. H. Clay Reavis at the Petrel playgrounds honoring her son H. Clay Reavis Jr., on his ninth birthday.

Mr. and Mrs. A. N. Landis and son Ralph, and Violet Brenner of Long Beach, are vacationing at 666 Woodland Drive. Mr. Landis, Ralph and Violet have been entertaining at Canyon Park Plunge with guitar programs they used over radio KGER.

Mrs. James C. Heasley, Mrs. A. M. Croxson and children attended the annual water carnival held at Griffith Park Plunge on Saturday evening.

Mr. and Mrs. Walter Schooler of Kingman, Ariz., arrived for a visit with Mrs. Charles Weaver of Brookside Lane. Mrs. Schooler, daughter of Mrs. Weaver, will remain for the summer.

Weekend guests of Mr. and Mrs. William Lunny were Mrs. F. C. Gore, Dr. E. Friesholm of Long Beach and Miss May Prebster of Honolulu.

Dorothy Moot, Dorothea Cox and June Lacey spent on Tuesday to Sunday of last week at the Eteri conference at Camp Bethal. Kathleen and Margaret Moot, Frances Lacey, Evelyn Olsen, Berta Lacey, Janet and Enid Murray of Sierra Madre, and Jessie Lessing of Arcadia, attended on Wednesday.

however, the forest official declared, or visiting privileges must be denied. Among the regulations that must be carefully observed are the following:

Smoking is prohibited except at posted stations.

Wading in streams is not allowed.

Each automobile and pack train must carry an ax and shovel when it enters the forest, if it is the intention to make camp.

A campfire permit must be secured before any sort of open fire is started, including kerosene or gasoline stoves, and these are acceptable only at designated places.

Fireworks of any character will not be allowed within the boundaries of the forest.

Fifteen extra patrolmen will be on duty over the holiday to guard against forest fires and should be consulted for information. Registration will be necessary at all main entrances to the forest.

Plight Of A Farmer

John A. Vomacka, Minnesota farmer, wrote his representative in Washington recently: "I pay \$306 in taxes on my 208-acre farm. At the present price of farm land I am compelled to purchase my farm from the county treasurer once every nine years. In addition I must keep the buildings in repair and insured. I am not really sure whether I am an owner or just a tenant. Think it over and see if you can figure out what the future has in store for us."

John Vomacka's problem is not much different from that of other citizens. The tax burden is becoming unbearably heavy to many, and next year's tax will undoubtedly be larger. How can the load be lightened?

Mr. and Mrs. Louis Karpf and children, Stanton and Rose, of 375 East Grand View avenue, left on Sunday for their beach home at 34 Park avenue, Venice, Mr. and Mrs. Edward I. Beck, who have been residing at the Karpf home for several months, will spend the summer with them.

Don't Desert The Garden In Vacation

Vacation time is here and if you are going away be sure and arrange for some one to look after your garden.

If your dahlias and chrysanthemums are growing too fast try cutting them back to about 18 inches from the ground. This will make stronger and sturdier bushes and will delay the bloom for quite a number of weeks.

SIERRA MADREANS JOIN IN HONORING JULIAN HAWTHORNE

Honoring the 85th birthday of Julian Hawthorne, distinguished, witty and spry literary gentleman, a dinner, instigated by Harold D. Carew, to whom Mr. Hawthorne has contributed articles regularly each week for the past eight years, was given at the Hotel Huntington last week.

At the conclusion of the dinner, held in the main dining room, Leslie Gaze, baritone, sang three delightful songs, for which Mrs. Gaze played piano accompaniments.

Lee Shippey spoke during the evening and said that Mr. Hawthorne had done much for American letters and that his recollections were comparable, in importance, with those of Anatole France, whom he admired.

Mr. Carew was toastmaster of the evening. Over 125 guests attended.

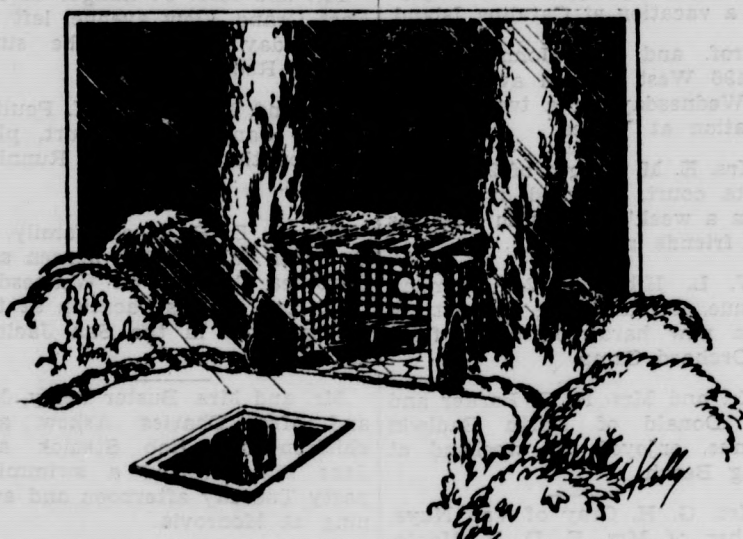

IN YOUR GARDEN

ONE of the many joys of gardening is the way your enthusiasm keeps bubbling over and you are encouraged to try different arrangements, to add unusual plants and features — always something new to keep you thoroughly interested in your garden.

A flagstone path has a charm all its own, especially in Spring when it is bordered with tulips

movement of colorful fishes — no pool is quite complete without them.

There are, of course, many other garden adornments — sundials, fountains, bird baths, gazes, globes, lawn benches and flowers urns — but they must be thoughtfully placed in relation to the planting so that the outdoor living room will continue to be beautiful and restful.

Every Garden or Outdoor Living Room Should Have a Focal Point

nodding their bright heads in the sunshine. Such a path may lead to a garden house hidden from view by planting of shrubs and evergreens.

In fact, in every outdoor living room there should be some definite focal point of interest around which the whole scheme centers. This feature should be attractive. There should be something about it that will attract the eye and focus your interest upon it. It should be something that will invite you to linger there and enjoy it.

Such a feature might well be a garden house, a pergola, or a pool. The type of garden house or pergola will depend entirely upon the size and character of the garden. Whether of simple, rustic construction, or of elaborate stateliness, shrubs and vines planted about it will lend an appealing air to this quiet retreat. Chairs and a table may be arranged in this restful nook and tea or an evening meal enjoyed amid garden beauties.

A vine-covered arbor is always an interesting feature and when the sunlight filters through the lattice a pretty pattern appears on the grass or pathway beneath. The addition of a water feature will bring an entrancing bit of heaven to your outdoor living room, and whether formal or naturalistic, it offers endless possibilities for individual treatment. For instance, a naturalistic pool may be combined with a rock garden and a trickle of water permitted to whisper over the rocks and wander away among the ferns and flowers.

And don't forget the mystic appeal of water lilies and the quick

Fire Flames

By one of the boys

THE city will have its firemen around town on the Fourth. At the meeting last Friday it was agreed to hold an old time picnic at the Wistaria Grounds on that day. Besides a hectic ball game and other athletic features, there will be work done of a nature, even if the Chief and Norris have to create some.

We had as visitors at our last meeting, two Long Beach firemen, who declared that Sierra Madre has the reputation among all Southern California towns of having a very good outfit — even to a good secretary.

Most of the men were out to the fire on Sunday and some of the things that the boys said they were doing when the siren sounded is amusing. Most of them had just been having their afternoon nap and it looked strange to see the men appear dressed in their night clothes. This fire had a very good start before the alarm was sent, but the truck driven by Harlan Gerlach was on the job in less than, oh, well, ask George. Anyway, the fire was soon under control.

This fire had all the appearances of incendiaryism, but reports have it that some children were playing around there a short time before. In one corner was found some fir tree branches and a large five gallon can. Tom Schwartz could even smell the finger prints.

Scott is having a great time with the honey bees up at his gardens on Scenic Point. He has placed about the place many receptacles filled with water and he says the bees are heavy drinkers. He calls them his pets now, but what he may call them if one of them sits on his neck, is not to be published.

Altho' the fire department members are planning on staying in Sierra Madre on the Fourth, it is hoped that every body of the town will be careful and avoid a fire. Firecrackers are taboo in the city limits. Chief McMillan of the Police Department will enforce this prohibition and he urges that folks refrain from anything that sounds like hazardous fireworks.

The crowd that attended the recent card party was not so large, but they all voted "a good time was had by all." The next one to be held will be on Wednesday, July 8. Come One, Come All.

The Firemen's ball team showed considerable improvement at the last game played against the Bethany Church team. George Norris pitched the entire game, which is "sumpin'." At second, Tom Schwartz looked very good. The rest of the team had already won their spurs. Marion Hayes of the street department has now acquired the fever, and has cracked that he would beat the firemen with a team picked from the men of his crew.

Well, he has men like Quick, Nap, Moore, Barnes and Limbaugh. We might say that if Marion is Quick enough after his Nap in the Hayes of the Barnes he might be Limbaugh enough to come back for Moore.

FIRE'S OUT!

Cake Baking Champion Is Coming Here

Winsom Miss To Demonstrate Her Art As Woman's Club Guest

Plans of interest to every woman and girl in Sierra Madre have just been completed for a cake baking demonstration to be given by Miss Mary Bell, Southern California high school cake baking champion, on Thursday, July 11th, between 2 and 5 p.m., in the Southern Counties Gas Company office.

Miss Bell is appearing in Sierra Madre under the auspices of the Sierra Madre Woman's Club. An invitation is extended to everyone interested in the fine art of cake baking, according to Miss Virginia Jones, president of the organization.

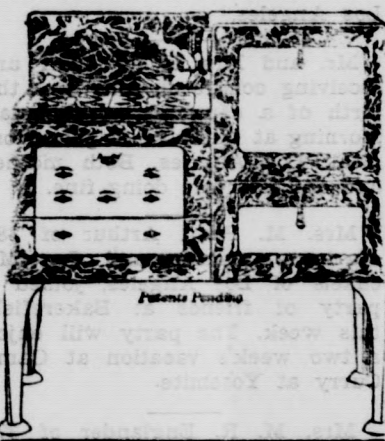

Miss Bell will demonstrate the preparation and baking of an angel food cake similar to the one she baked to win the Southern California champion high school cake baking tournament held at the Los Angeles Shrine Civic Auditorium on June 6th. She won her title in competition with 23 girls representing high schools in the Southern section of the state. As champion cake baker of Fullerton Union High School she won the right to represent her school in the finals in Los Angeles and was awarded first prize by a committee of expert judges headed by Mrs. Kate Brew Vaughn, home economics director.

Each step of the prize winning cake's preparation and baking will be explained by Miss Bell to all visitors interested in learning the formula. Typed copies of the recipe will be presented as a souvenir to all those present at the demonstration.

A committee comprised of members of the local Woman's Club will act as hostesses and includes Mrs. M. R. McBurney, chairman, Mrs. Nester A. Young and Mrs. Charles Collins. Appropriate refreshments and portions of Miss Bell's angel food cake will be served during the afternoon.

Walter Keefe, district manager for the Southern Counties Gas Company, has placed the Sierra Madre office of the company at the disposal of the local club and every means is to be taken to make the event of value and interest to all those who attend.

Signal Honor For Local Club Woman

A signal honor is reflected on the Sierra Madre Woman's Club in the appointment of Mrs. John H. Robertson as vice chairman of Juniors for the Los Angeles Federation of Woman's Clubs. The appointment was made by Mrs. Chas McKelvy, president of the Los Angeles Federation of Woman's Clubs and has just been announced to the Federation.

R. W. Stewart enjoyed the weekend at Manhattan Beach.

PLAYHOUSE BILL OFFERS CONTRAST

An unusual study in contrast of drama technique of a comedy of 1931 and a comedy of 1890 is the novel stage entertainment planned by Gilmor Brown, producing director of the Pasadena Community Playhouse, in presenting on one program from July 9 to 18 the modern one-act Shaw comedy, "Overruled" and the good old comedy of pre-Spanish War days, "A Pair of Spectacles" by Sydney Grundy.

The dual program is scheduled next at the Playhouse, following the Martin Flavin comedy, "Broken Dishes," with Herbert Rooksby, closing Saturday night, July 4.

The Shavian comedy, dealing with Shaw's views on matrimony, is the latest of the famous author's plays.

FOX CAUGHT HERE ADOPTED BY THE SHERIFF'S OFFICE

"Snippy," a wild fox who fell into an animal trap and has been held captive for eight months by Deputy Sheriff Ben Grammel at his home, 669 Sturtevant Drive, was turned loose the other day by Mr. and Mrs. Grammel. They opened the cage and had to turn the garden hose on him to get him away from the house. He was found a few days ago in another trap at the Sheriff's honor camp near Glendora. Prisoners at the camp have adopted him.

Order Arrest Of Careless Drivers In Fire Campaign

Following the issuance of a proclamation by Governor Ralph calling on the citizens of California to prevent forest and grain fires during the coming dry season, E. Raymond Cato, Superintendent of the California Highway Patrol has instructed all members of the patrol to exercise special vigilance in apprehending violators of the law prohibiting the throwing of lighted cigars, cigarettes, matches and other glowing substances from moving motor vehicles.

Persons caught throwing such material from cars will be charged with a misdemeanor, in accordance with the law, it was stated. The officers were instructed to warn motorists who smoke to use ash receptacles for cigar and cigarette butts.

"Every effort must be made to prevent fires," Cato's order said.

For shelter is gone when the night is o'er,

"AU REVOIR," MAURICE

To every member of the Los Angeles Breakfast Club, the details of the funeral services, held last Saturday afternoon, July 17, will be of heartfelt interest. Many others who have enjoyed the Wednesday morning programs, thru his thoughtful generosity, from station KFWB, will be glad to learn of the details. I have witnessed many thousands of funeral services, but these for Maurice DeMond were different. Everything proceeded as though after thorough rehearsal. But there had been none. Every person who contributed knew what was expected of each, but the freest individual expression was manifested by everyone.

The trees, the birds, flowers, (the large stage a mass of marvelous designs,) every individual interest that was his, seemed to vie to pay honor.

The following was the order of the

SERVICES.

10 to 12—Remains lie in state in Pavilion of Friendship; with guard of honor of uniformed policemen and firemen and with Freeman Lang playing organ records.

12 to 1—Pavilion cleared and closed to permit arrangement of flowers, etc.

1 to 2—Remains lie in state; guard of honor again. Tommy Weber concert string orchestra.

2 to 2:50—Guard of honor take seats. Harp solo, "Meditation," by Julie Kellar, played by the composer. "Quiet Please," poem in honor of deceased, written by a member, Frederick Courtenay Barber, and read by Burr McIntosh. Scripture reading, Rev. James Whitcomb Brougher Jr., pastor of First Baptist Church of Glendale. Prayer by Rev. Stewart P. MacLennan, pastor, First Presbyterian Church of Hollywood. Soprano solo, "The Lord is My Light," Miss Hazel Hayes, soprano. Address, Dr. Rufus von KleinSmid, "The Lord's Prayer," by Pietro Gentile, baritone. Dr. Bruce R. Baxter, chaplain of the Breakfast Club, "Nearer My God to Thee," (or "Crossing the Bar") the Chancellors Male Quartette. Benediction.

President DeMond, when calling for "order," or "quiet," used his gavel and then the words, the subject of this poem. Every member of the club will recall each of these movements with deep affection.

"QUIET, PLEASE"

To the memory of Maurice DeMond by Frederick Courtenay Barber
Quiet, please—for the vibrant

voice.
The kindling eye and the friendly smile,
The welcome that made our hearts rejoice
Are gone from us for a little while.
He sleeps, our Friend, under Friendship's Shrine
Here, midst his well-beloved trees,
Where the birds' glad morning hymns entwine
With the echoes of his: "Quiet, please."
The kindly face and the cordial look,
The mellow tones, so clarion clear,
The courage he read from Friendship's Book
May soon be memories of yesterday;
But we who knew him and loved him well,
Will hear his voice in the summer breeze
And hush our mirth for a moment's spell
To listen again for his: "Quiet please."
The gay, quick jest and the cheering word,
His faith in the good in everyone,
His glowing sympathy, often heard,
His joy in the golden western sun—
All these, that made him a man of men
Will live with the birds and flowers and trees
Until, on some bright morn, again
We thrill to his old, warm "Quiet, please."

Mrs. F. C. Blake Laid To Rest In Family Plot In This City

Funeral services for Mrs. F. C. Blake, 55, who died last Tuesday from injuries received in an automobile accident near Dodge City, Kansas, while enroute to Sierra Madre to visit her father, A. N. Adams, were held on Monday afternoon at the Ray A. Grant Funeral Parlors, 201 West Central avenue.

Mrs. Blake was born in Boston, Mass. and was a resident of Columbus, Ohio. She is survived by her husband, Prof. F. C. Blake of Ohio State University, and two daughters, Helen and Josephine, her father, A. N. Adams, a brother, Roland A. Adams and two sisters-in-law, Mrs. Nester A. Young and Rose Blake of Sierra Madre. Interment was held at Sierra Madre Cemetery.

Twain And Rogers Blend At Arcadia

The talent of Will Rogers and Mark Twain, both recognized masters of wit seasoned with sense and having the knack of hitting off men and events with a phrase that evokes laughter and provides thought, are happily united in the modernized movie version of "A Connecticut Yankee," in which Will Rogers stars at the Arcadia Theatre on Friday and Saturday. Rogers has embellished Mark Twain's story with many of his own wisecracks, designed to modernize the witty sayings of the famous humorist.

"White Shoulders" starring Ricardo Cortez and Mary Astor, will be presented Sunday and Monday in conjunction with a Karl Dane and George K. Arthur comedy and Humanette comedy. A double feature program, "Party Husband" and "Sky Raider" with Lloyd Hughes and Marceline Day and completed with an Eddie Buzzell Comedy will be shown Tuesday, Wednesday and Thursday. Dorothy Mackall as the star of "Party Husband," a comedy-drama of modern marriage, portrays a clever bride who insists on entering the business world and keeping her individuality.

Junior Players To Present "Romancers"

"Romancers" Rostand's three act play, will be presented by the junior members of the Sierra Madre Community Players in a garden in Sierra Madre soon. Juniors will do all the work and rehearsals are expected to commence soon. Mrs. J. M. Steinberg will be assisted by Miss Cricket Calkin in directing the production.

A scene from the play was presented recently at the Woman's Club on drama day.

Claims Of This City Ignored

(Continued from Page One)

purpose. The fact that it was even under contemplation was kept a profound secret from anyone in Sierra Madre though the route proposed laid partially through this city. There had been no agitation for the highway in recent months. Its destination as projected is into a mountain side in the Angelus Forest in the general direction of the Big Santa Anita Dam. It has no connection of any kind.

The excuse given for its construction at this time was to relieve the unemployment situation.

Immediately following public announcement of the plan to build a road that was of interest only to Arcadia real estate speculators, a delegation of Sierra Madre citizens consisting of Robert E. Davies, then president of the Chamber of Commerce; Waverly E. Pratt, president of the Kiwanis Club; City Solicitor Phil Dodson, Councilman Lester K. Layton and former Mayor A. S. Myers called upon Supervisor Hugh A. Thatcher, as the representative of this district, and requested that Sturtevant Trail be considered as a route for the proposed road, so that both Sierra Madre and Arcadia would have an interest in an artery that should be of vital importance to both municipalities.

It was requested that no route be finally decided upon until a committee from this city be heard by the Supervisors. Mr. Thatcher requested that a letter be written him so that he might take the matter formally before his colleagues. Accordingly the following letter signed by Mayor H. C. Reavis, Mr. Davies and Mr. Pratt went forward to Mr. Thatcher under date of May 28:

Mr. Hugh A. Thatcher
Board of Supervisors.

"Dear Sir:

"The civic organizations of Sierra Madre wish to present to you and through you to the honorable body of which you are a member, the desirability of Sturtevant Trail as the route for the proposed Sierra Madre-Santa Anita Highway into the Angeles National Forest.

"In our opinion this route is more desirable than that proposed by way of the Santa Anita avenue survey; first, for the reason that Sturtevant Trail begins at a much higher elevation than the point from which it will be necessary to begin construction of the Santa Anita avenue route; secondly, the grade is not as great as would be encountered on the Santa Anita avenue survey; thirdly, Sturtevant Trail would provide a route of vastly greater scenic beauty. In addition to which it appears to us that less construction would be necessary on the Sturtevant Trail route than on the Santa Anita, though as to this we do not profess to speak with engineering knowledge.

"We are advised that the county made a survey of the Sturtevant Trail route a year or so ago, having then in mind the possibility of adopting this route when time for construction arrived. From this survey and estimated cost, of which we have no personal knowledge, you will no doubt be able to inform yourself of difference of cost of construction. It would seem to us, however, that even though cost of the Sturtevant Trail route might be somewhat higher than the Santa Anita avenue route, the difference in cost would be more than compensated for in the easier grade and in securing a route of greater scenic beauty.

"In addition to these considerations, with which we are hopeful that you and your colleagues will be impressed, is the fact that through the use of Sturtevant Trail it would be possible to get fire apparatus into the forest in a much shorter time than from the Santa Anita avenue route, the fire department of this district being especially equipped for forest fire fighting. The district forest ranger for this reason is much impressed with the desirability of the Sturtevant Trail route as against the Santa Anita Avenue route and since it is no doubt the desire of yourself and your colleagues to cooperate with the government service to the fullest possible extent, this consideration will undoubtedly appeal to you.

"It is our understanding that the Regional Planning Commission has recommended the extension of Baldwin avenue in this city south to the sea at Long

Failure To Fight Citrus Pests Is To Invite Disaster

More than \$4,500,000 was spent by California citrus growers during 1930 in fumigation, spraying and dusting to control insect pests, according to R. S. Woglum, entomologist of the California Fruit Growers Exchange.

"During the present year the tendency on the part of many citrus growers will be to decrease the costs of their pest control operations," stated Mr. Woglum. "Some of the California citrus pests are able to stage a remarkable comeback even when they appear to be almost eradicated, and growers should seriously consider this fact before they contemplate a reduction in their pest control activities. Constant vigilance is necessary to insure a satisfactory condition of insect control." The annual report of the Exchange pest control bureau disclosed that spraying and dusting of citrus groves showed an increase during the past year. Throughout citrus producing districts approximately 95,000 acres were sprayed, compared with 65,000 fumigated. Over 25,000 acres were dusted, most of the acreage being in Central California.

The outstanding problem during 1930 was the prevalence of red scale, the report stated, adding: "The only effective control for red scale is to include fumigation in the pest control program."

DOGS OF THE BLIND ARE PRIVILEGED CHARACTERS

If you see a dog comfortably enjoying a ride upon a Pacific Electric car or train it is because he is a privileged character, granted special concessions for the faithful performance of a solemn duty to his unfortunate owner.

Under a new ruling the blind, who depend upon "eye dogs" as their means of going about, may hereafter ride with their faithful friend on Pacific Electric cars and trains without complying with the usual restrictions which apply to all other persons when traveling with dogs.

Charles H. Purcell, California State Highway Engineer, says that despite the fact that California, a pioneer in highway development, has expended to date on its highway system a total of approximately \$225,000,000, it has not kept pace with the majority of the states in the Union. Forty-four others have a greater per capita expenditure than California. Further, we rank only 15th in the United States in the percentage of paved highways, though second in motor registrations.

A pocket lighter for every smoker and an ash receiver for each seat of every car the travels the highways or goes to the mountains is recommended by Regional Forester S. B. Shaw. These accessories are practical preventative of the unextinguished match and the burning cigaret stubs that set over 1,300 fires last year in California.

Beach as a main north and south highway and in the event of this extension that thoroughfare would bisect all of the main east and west highways giving all of them a direct connection with the proposed new mountain highway. This extension of Baldwin avenue through the western end of Arcadia would also route traffic on the new highway through Arcadia giving both Sierra Madre and Arcadia a direct and mutual interest in the artery.

"We are hopeful that nothing will be done in the way of construction on the proposed Santa Anita avenue route until a thorough investigation has been made into the desirability of the Sturtevant Trail route and until representatives of this community may be heard by yourself and your colleagues with respect to it."

Nothing was heard from the Supervisors until the letter of their chief clerk arrived on Monday.

Manager Job Is Filled By Al S. Myers

(Continued from Page One)

rate was materially reduced. That means a saving of at least \$20,000 a year to property owners.

"The change in the method of handling the city's engineering has saved money, whereas under the old contract plan, the engineering ran as high as \$9,000 a year, under the system we have installed the costs have not been over \$3500 during the past two years. The long drawn out controversy with Arcadia over water was settled without expensive litigation, to the great benefit of Sierra Madre.

"These are just a few of the accomplishments. There are innumerable other economies which have been effected. In the aggregate they mean a good deal to the individual taxpayer. Last year we were able to cut the city tax rate nine cents. We are determined there shall be no increase in that rate this year.

"The credit for the conception and proper carrying out of the major portion of these accomplishments belongs to one man, a man who is thoroughly familiar with all of our local problems—our former mayor, Al S. Myers. "He has had the full confidence and cooperation of all of us who have been privileged to work with him, but his brain furnished the leaven which has leavened the whole lump. His engineering training and executive and supervisory experiences in construction work with large corporations has been of incalculable value to this board and to this city.

"Therefore, I feel sure you all agree with me that he is the logical man to appoint as city engineer and street superintendent, if he will take over the job. We can do no better service for our taxpayers than to put his abilities, executive genius and knowledge of our city's problems to work in the public interest. He has outside contacts with county, municipal and railroad officials which are very essential if Sierra Madre is to deal successfully with several impending problems. We have no other man who is anywhere near his measure in these respects."

Councilman W. O. Preston then offered the following resolution, which was seconded by Mr. Lees and unanimously adopted:

"WHEREAS it is the desire of this body to obtain for the Citizens of this community a properly co-ordinated city government to the end that there may be a maximum of efficiency and economy accomplished in the City Government; and

"WHEREAS after a thorough and careful study it is the judgment of this body that these results can be best obtained through the centralizing of responsibility in the person of a competent business manager; it is therefore

"RESOLVED that the position of business manager of the City of Sierra Madre be and hereby is created; and it is further

"RESOLVED that AL S. MYERS be and he is hereby appointed City Street Superintendent and Business Manager of the City of Sierra Madre at a salary of Two Hundred Seventy-five Dollars (\$275.00) per month, and that the said City Street Superintendent and Business Manager shall have jurisdiction over all appointive employees of the City of Sierra Madre and the different departments of said City, to serve at the pleasure of the City Council."

The former Mayor was reached at his home by telephone and appeared before the Council shortly afterward. In a few words he accepted his new responsibilities.

"I am grateful," he said, "for the confidence you have expressed in me and I will do my utmost to be worthy of it. I know I will have your warmest cooperation without which no man could hold the position creditably to himself or to the appointing power, nor to the advantage of the people he is called upon to serve."

Young Fairbanks Now A Matinee Idol

Douglas Fairbanks Jr. gives promise of becoming the outstanding matinee idol of the stage, to judge by the throngs trooping to the Mayan Theatre to thrill to his love-making in "The Man in Possession," romantic comedy drama presented by Sid Grauman.

The distinguished son of a distinguished father is adding to his laurels as a screen star of first magnitude in his stage appearances with Nora Gregor, Austrian beauty, in the sophisticated play, which has a gay Parisian theme. It is replete with bon mot, adroit witticisms and delicately shaded nuances bordering on the risqué.

In "The Man in Possession," Doug Jr., appears as a ne'er-do-well son who emerges from prison to obtain a job as a sheriff's officer. He takes charge of the home of Miss Gregor until certain financial obligations are satisfied as "the man in possession," an English term for the deputy serving such a writ, only to find she is his brother's fiancée. Ultimately he becomes "the man in possession" of her heart and soul.

According to word received here by friends, Mrs. Marjorie Kuzvinsky Cline, who has been living at "Italia Mia," Miss Thomasella H. Graham's famous home, and who recently returned to New York City, is already planning to return to California to make her permanent home.

Outdoor Dinners Will Be Served At The Woman's Club

Delightful dinners on the verandas and lawn of the Woman's Club to be served at least once a week are in prospect for Sierra Madreans during the summer months when the housewife weariness of the daily task over the kitchen stove and the whole family feels like dining out in the open.

The first dinner of the kind will be served at the club house next Friday, July 10, when the new garden grill will be given its try out and the new lawn dining tables and equipment will be used in the outdoor setting.

The initial menu, to be served from 5:30 until 7:30 p.m., so as to care for both the late and early diners, will consist of grilled chops, steaks, vegetables, a tempting salad and hot biscuit, with dessert and coffee or cooling beverages.

Whether or not the dinners will be served throughout the summer will depend largely upon the attraction they have for the townsfolk on the first night or two.

How Much Should A Woman Of 35 Weigh?

How much should a woman weigh who is 35 years of age and is five feet three inches tall? What is the correct weight and height for a baby 10 months old? How should a food budget be prepared that will supply the greatest amount of actual food for the least amount of money?

These, and many other interesting questions are answered in a booklet that the Model Dairy has prepared for free distribution to anyone calling at the Dairy, 3105 Paloma street, or telephoning TRace 2951, according to Dave Christie, the proprietor.

"We want every family interested in their food and health to have a copy of this book," said Christie.

The booklet is printed in two colors and contains 16 pages of interesting information on food menus, health, milk scoring and proper heights and weights for children and adults.

EFFICIENCY FOUND AT LUMBER PLANTS

Highly commending the management of the Fruit Growers' Supply on the efficiency displayed in lumber operations and stating that the company's lumber mills at Hilt and Susanville in Northern California are in first class condition, the Operating Committee of the Fruit Growers Supply Company recently reported on their annual inspection trip, before the board of directors of the California Fruit Growers Exchange.

During the present season it is estimated that approximately 80 million feet of lumber will be cut at the Susanville operation and 35 million at the Hilt mills. The capacity of these two units is over 200 million feet annually.

Upon Reflection
Gazing in a mirror is not always a sign of vanity. In many cases it must be due to a sense of humor.

Demonstration For Growers At Azusa

A demonstration on the control of oak root fungus will be held at the Azusa Foothill Ranch, Azusa, on Friday, July 10, at 1:30 p.m., which will be of interest to growers of citrus and deciduous fruits and walnuts.

Farm Advisor M. E. Rounds, announcing this meeting on the subject of oak root fungus, states that a practical demonstration will be given on fumigation in the control of this disease with methods to be used in the prevention of spread. It is felt now that a satisfactory method of control has been evolved.

A meeting for citrus growers and others interested in citrus pest control problems will be held at the Covina Grammar School, Covina, Tuesday, July 7, at 7:30 p.m.
